

INFORMATIONAL NOTICE

April 15, 2015

To: Maxwell Technologies' Valued Customers

Subject: BMOD0500 P016 Shipping Container Change

This notice is to inform you of a shipping container change to our BMOD0500 P016 product. This change has no effect to the module's form, fit or function. Additionally, there is no change to the minimum order quantity (MOQ).

The BMOD0500 P016 product has previously been packaged in a shipping container with the following dimensions:

L x W x H: 720 x 430 x 380 mm

A smaller, shipping container will begin being used in Q2, 2015, that will have the following dimensions:

L x W x H: 580 x 350 x 325 mm

This change will allow more cartons to be shipped per pallet, thereby reducing the overall product carbon footprint, yielding a more "green friendly" method of shipment. If you have any questions about this change, please contact your local Sales representative to discuss further.

Best Regards,

Jeffrey Venegas
Senior Product Manager, Modules & Subsystems
