Description

The Tripp Lite P132-06N-MICRO, Micro HDMI (Type-D) to DVI-D (Female) adapter, enables you to connect a Tablet, Smartphone or other Micro HDMI enabled device to a DVI digital display using a DVI cable. This adapter supports high-resolution video for the viewing of pictures, presentations or video from your mobile device on a DVI monitor, TV or projector. Designed for use with mobile devices, the P132-06N-MICRO Micro HDMI to DVI-D adapter uses premium components to ensure the highest performance and maximum ease of use with your mobile device. The adapter is designed to work with devices featuring the Micro HDMI (Type D) connector. (Confirm you have Micro HDMI Type D connector, and not Mini HDMI Type C)

Features

- Micro HDMI to DVI-D Adapter converts a Micro HDMI input to DVI-D output
- View presentations, pictures or video on a DVI display or projector
- Compatible with HDTV video resolutions including 1080p
- Connect Your Smartphone, Tablet or Other Micro HDMI Enabled Device to a DVI-D Display Using Your DVI Cable.
